GENERAL INSTRUCTIONS

PURPOSE OF FORM. Form 500X is used by a corporation to correct an error in a previously filed 2012 return (Form 500-Corporation Income Tax Return) or to claim a net operating loss (NOL) deduction.

Form 500X may not be used to correct the amount of payments. To correct payment amounts, submit a letter of request that indicates the corporate name, federal employer identification number (FEIN), type of tax and tax year beginning and ending dates. Explain the basis for the request and attach copies of canceled checks and/or other documents as necessary to verify the amounts claimed.

WHEN AND WHERE TO FILE. Generally, Form 500X must be filed within 3 years from the date the original return was due or filed. A return filed before the due date is considered to have been filed on the date it was due. The following exceptions apply:

- A claim for refund filed within 3 years after the date of filing the return is limited to the amount paid within the 3 years (including extensions) before you filed the claim.
- A claim for refund filed after 3 years, but within 2 years from the date the tax was paid is limited to the amount paid within the 2 years immediately before filing the claim.
- A claim for refund based on a federal NOL carryback must be filed within 3 years after the due date (including extensions) of the return for the tax year of the NOL.
- If the Internal Revenue Service issues a final determination of adjustments that would result in an increase to Maryland taxable income, file Form 500X within 90 days after the final determination.
- If the Internal Revenue Service issues a final report of adjustments that would result in a decrease to Maryland taxable income, file Form 500X within 1 year after the final adjustment report or the final court decision, if appealed.
- If the claim for refund or credit for overpayment resulted from a final determination made by an administrative board or an appeal of a decision of an administrative board, that is more than three years from the date of filing the return or more than two years from the time the tax was paid, the claim for refund must be filed within one year of the date of the final decision of the administrative board or final decision of the highest court to which an appeal of the administrative board is taken.

Note: Changes made as part of an amended return are subject to audit for up to three years from the date the amended return is filed. For more information regarding refund limitations, see Administrative Release 20.

The amended return must be filed with the Comptroller of Maryland, Revenue Administration Division, 110 Carroll Street, Annapolis, MD 21411-0001.

INFORMATION ON INCOME TAX PROVISIONS. Refer to the instructions for 2012 Form 500 for information regarding applicable Maryland income tax provisions.

NET OPERATING LOSS DEDUCTIONS. The NOL for Maryland purposes is the federal net operating loss. No modification of the federal NOL is allowed under Maryland income tax law except in the case of a foreign source dividend subtraction. For more information about foreign source dividend subtractions, refer to Administrative Release 18.

A corporation included in a consolidated federal filing must use its separate federal NOL. An NOL should be entered on line

2b on Form 500X but may not be used to reduce line 3 to less than zero. Generally, the carryback of an NOL does not change the previously reported addition or subtraction modifications in a carryback year.

The federal provisions for carryback and carryforward apply for purposes of the Maryland return **unless** you are following certain provisions of the Internal Revenue Code from which the State of Maryland has decoupled, including certain special depreciation allowances and 5-year carryback provisions. If an election to forgo a carryback is made, a copy of the federal election must have been included with the Maryland return for the loss year. For more information refer to Administrative Release 38.

An addition modification may be required in a carryback or carryforward year if the total Maryland addition modifications exceed the total Maryland subtraction modifications in the loss year (NAM or net operating loss modification recapture). The required addition modification represents a recapture of the excess additions over subtractions and is generally equal to the lesser of the NOL deduction in the carryback year or the net addition modification in the loss year. For more information regarding net addition modification, refer to Administrative Release 18.

NET CAPITAL LOSSES. If a net capital loss carryback is used to reduce federal taxable income, an addition modification is required for the amount of the income reduction.

SPECIFIC INSTRUCTIONS FOR PAGE 1

TAX YEAR OR PERIOD. These Form 500X instructions are for corporations with tax years beginning in 2012. If the corporation operates on a fiscal year, enter the beginning and ending dates of the tax year being amended in the spaces provided at the top of Form 500X.

NAME, ADDRESS AND OTHER INFORMATION. Enter the required information in the designated area. Enter the current name, address and federal employer identification number (FEIN) in the appropriate boxes. If the name and/or address is different than that shown on the original return, enter the name and address as shown on the original return in the appropriate area.

Answer all of the questions and attach copies of any federal notices or reports, amended forms and/or extensions required.

PART A – INCOME, MODIFICATIONS AND APPORTIONMENT

Complete lines 1 through 5, columns A, B and C. If the items of federal income are amended or adjusted, determine if the changes will affect the Maryland modifications and/or Maryland adjustments; and enter, the correct amounts. The federal NOL carryback or carryforward amount reported on the federal return, without regard to the decoupled provisions, is entered on line 2b. Do not use Form 500DM line 2 to report this amount; see Administrative Release 18.

Determine if the changes to federal taxable income will affect the apportionment factor. If the apportionment factor needs to be changed, complete Part C on page 2 of Form 500X, then complete lines 6 through 8, columns A, B and C on page 1. Then, complete line 9, columns A, B and C.

PART B – PAYMENTS, CREDITS, BALANCE DUE OR OVERPAYMENT, INTEREST AND/OR PENALTY

Complete lines 10a through 10e, columns A, B and C. Include as an estimated tax payment on line 10a the income tax withheld as a result of a non-Maryland real estate transaction as shown on Form MW506NRS. Credits on line 10c may not exceed the

Maryland tax on line 9 as these represent nonrefundable credits. NOTE: An addition to income is required for certain credits claimed on line 10c. Refer to the instructions for Form 500CR, Business Tax Credits, to determine if any addition modification is required for the credits you are claiming and follow those instructions for including the required addition. If you are claiming credits on line 10c, you must attach a completed Form 500CR. If claiming the Heritage Structure Rehabilitation Tax Credit and/or Sustainable Communities Tax Credit, enter on line 10d and attach a completed Form 502H and/or 502S. If claiming a refundable business income tax credit, enter on line 10d and attach a completed Form 500CR. If claiming a credit for taxes paid on behalf of the corporation by a pass-through entity, enter on line 10d and attach Maryland Schedule K-1 or other statement.

Complete lines 11 through 13b, columns A, B and C and enter any overpayment due on line 14 or balance due on line 15.

If there is a balance due on line 15, calculate simple interest on that amount from the due date of the original return to the date of payment at an annual rate of 13% or a rate of 1.08% per month. If the requirement for avoidance of interest for underpayment of estimated income tax has not been met, you should complete Form 500UP for the tax year being amended and attach it to your amended return. Add the late payment interest charges and any interest and/or penalty charges from Form 500UP and enter them on line 16. NOTE: If you completed and attached Form 500UP with your original return, you should attach a revised Form 500UP based on the amended changes reported on Form 500X.

Interest and/or penalty charges for the year of the amendment, whether previously paid or still outstanding, may be adjusted as a result of the amended changes. Any payments made on an account after the initial tax paid with the actual return are applied first to penalty, then to interest and lastly to tax due. These payments may require reallocation depending on the result of the amendment. We will issue notification of the net balance due or refund when we have completed processing of the return. NOTE: If the amount of tax due is reduced by reason of a carryback of an NOL, such reduction shall not affect the calculation of interest charges for the period ending with the filing date (defined as due date) for the loss year. Any Maryland penalty charge is not affected by an NOL carryback.

Interest is generally not paid on refunds. Interest will be paid, however, if a refund is due on an amended return based upon an NOL carryback IF the claim for refund is not processed within 45 days of receipt. In such cases, interest will be paid only from the 45th day after receipt by the Comptroller's Office until the date the refund check is issued. For more information regarding interest, refer to Administrative Release 14.
